

How to Play

1. Each week you MUST select three drivers to race.

a.) Each driver is given a salary

b.) Each week you will select three drivers that total up to \$10 million dollars.

c.) To change a driver, click the "Make Trade" to the right of the drivers and click "drop." You will then be able to select a different driver.

The criteria that determines driver purchase value is based upon track records OVER THE PAST TWO YEARS (*or most recent 2 years of racing for any given driver.*)

0 Top 10's = \$1-Million.

1-5 Top 10's = \$2-Million

6-15 Top 10's = \$3-Million

16+ Top 10's = \$4-Million

10+ AND at least one Championship = \$5-Million

2. You **MUST** select three drivers **NO MORE – NO LESS**. If you select less than three drivers you will be awarded zero points for that race. Your three drivers' collective value must total \$10-Million.

3. Points are awarded just as they are awarded at the La Crosse Fairgrounds Speedway:

1	50	13	27
2	46	14	26
3	44	15	25
4	42	16	24
5	40	17	23
6	38	18	22
7	36	19	21
8	34	20	20
9	32	21	19
10	30	22	18
11	29	23	17
12	28	24	16
		25	15

Points will be deducted from drivers penalized by the speedway/NASCAR.

In addition, points will be awarded for the top 10 positions in qualifying.
In the event of a rainout for qualifying, no points will be awarded.

1st (fast time): 6 points

2nd: 5 points

3rd: 4 points

4th: 3 points

5th: 2 points

6th – 10th: 1 point each

4. The full season at the La Crosse Fairgrounds Speedway begins on Saturday, April 25th, 2009 and concludes on Saturday, September 5th, 2009. For nights with double features, the team you lock in at the start of the night—is the team that will be utilized for scoring both features that evening.

5. Driver selections will be locked in at **7pm** every Saturday night, regardless if there is a delay at the track. *There is no penalty for garnering “inside information” as to who’s running that night by tuning into “Clason Pontiac’s Trackside” each Saturday night, broadcasting live from the racetrack on CC106.3. As a matter of fact, it is encouraged that you DO tune in to know who is in attendance on any given night and who is having problems and may end up pulling out of the competition for the evening, prior to setting your team.*

1. A grand prize will be given to the person in first place at the end of the season.

2. You can join in the league at anytime during the season although chances of winning the grand prize at the end of the season will be unlikely. Weekly Prize for top score is a pair of tickets for a regular night of racing action at the La Crosse Fairgrounds Speedway.

3. All ties after each race will be broken by comparing each owner’s top scoring driver for the race just completed. If the tie is still not broken, this process continues with the second top scoring driver and so forth down the team until the tie is broken. If the tie between owners still exists after this process the owner with the highest season points year to date will win.

5. In the event of a tie at the end of the racing season, the tie breaker will be determined by comparing each owner’s top scoring driver for the final race just completed. If the tie is still not

broken, this process continues with the second top scoring driver and so forth down the team until the tie is broken.

Note: If you need driver stats, track performance history, profile information, check out the driver profiles on the fantasy racing page on the CC 106.3 website.

Contest Rules

1. In order to win prizes all registration must be completely filled out. If at any time the registration information submitted is determined to be invalid you will be immediately dropped from the league.
